verse translation explores the complex art of translating poetry focusing on maintaining a poem's essence across languages and cultures it grapples with a central question how can translators faithfully render a poem's spirit while navigating new linguistic and cultural landscapes the book highlights that translating verse requires not just linguistic proficiency but also a profound grasp of poetic conventions and subtle cultural nuances poetry provides unique insights into diverse cultures values and beliefs making accurate translations essential for fostering empathy the book progresses from foundational translation theory to specific poetic elements like meter and rhyme examining how translators replicate these effects it also considers the problem of cultural transposition showing how cultural references can be effectively conveyed through comparative analyses and case studies the book demonstrates different approaches to verse translation a key concept discussed is dynamic equivalence which prioritizes a poem's impact over literal accuracy the book aims to provide a practical understanding for students translators and poetry enthusiasts acknowledging the inherent difficulties while advocating rigorous practices

this guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible concentrating on major writers and works it covers translations out of many languages from greek to hungarian korean to turkish for some works e.g. virgil's aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions elsewhere with less familiar literatures the guide examines the extent to which translation has done justice to the range of work available

language in literature examines the overlap and blurring boundaries of english comparative and world poetry and literature questions of language literature translation and creative writing are addressed as befitting an author who is a poet literary scholar and historian the book begins with metaphor which aristotle thought in poetics was the key gift of the poet and discusses it in theory and practice it moves from the identity of metaphor to identity in translation and culture it examines poetry in a comparative and world context it looks at image and text it explores literature and culture in the cold war it explores the role of the poet and scholar in translating poetry east and west it places creative writing in theory and practice in context east and west it concludes by summing up and suggesting implications of creation in language translating and interpreting and its expression in literature especially in poetry

this volume provides an in depth comparative study of translation practices and the role of the poet translator across different countries and in so doing demonstrates the need for poetry translation to be extended beyond close reading and situated in context drawing on a corpus composed of data from national library catalogues and worldcat the book examines translation practices of english language french language and italian language poet translators through the lens of a broad sociological approach chapters 2 through 5 look at national poetic movements literary markets and the historical and socio political contexts of translations with chapter 6 offering case studies of prominent and representative poet translators from each tradition a comprehensive set of appendices offers readers an opportunity to explore this data in greater detail taken together the volume advocates for the need to study translation data against broader aesthetic historical and political trends and will be of particular interest to students and scholars in translation studies and comparative literature
